

CPD Group Report

Background:

AFPI is the largest professional group of trained and competent primary care physicians in India. As a foundation principle, AFPI is committed to develop and facilitate quality Continuous Professional Development for its members.

CPD Group

The group consisting of experts has been founded with an ambition to develop the capacity for training of potential faculty members, trainees, practicing physicians and medical officers.

Dr. Kamlesh Bhargava MD FRCGP [INT] Director (International)

Dr. Roshni Jhan Ganguly MRCGP [INT] Secretary

Dr. Srividhya Raghavendran MRCGP (UK) Member

2019 Faculty Development:

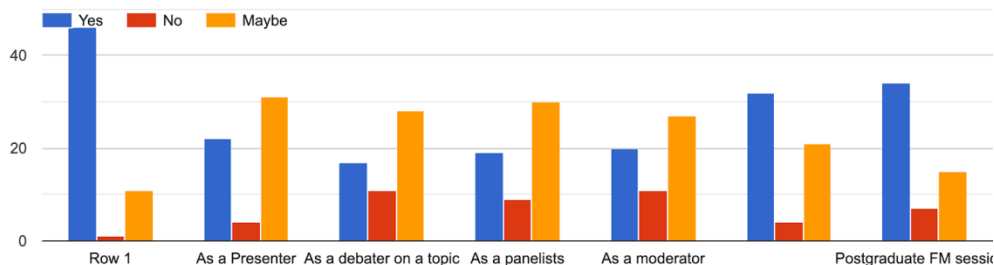

Needs Assessment survey was done

- To plan future activities
- To give a structure to our activities and
- to identify the needs and options on how to address them.

Results

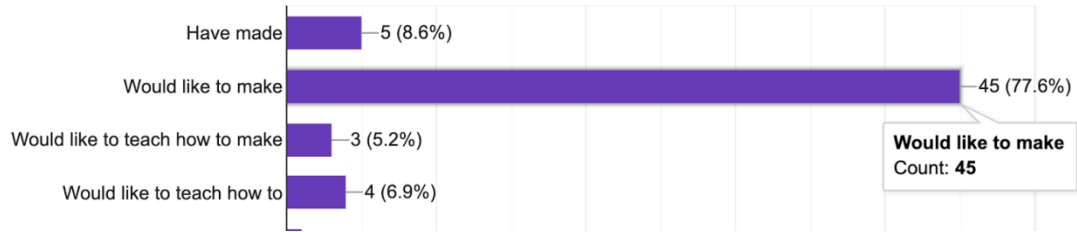

- 59 Doctors responded
- From 33 cities across 13 states and 1 from Singapore and 1 from UAE
- They showed varied interests in taking part in Online CPD activities ranging from participating in presenting, facilitating, and debating on topics of interest.
- Majority were DNB Family Medicine
- Some of the results are enclosed

1. Would like to participate in online sessions

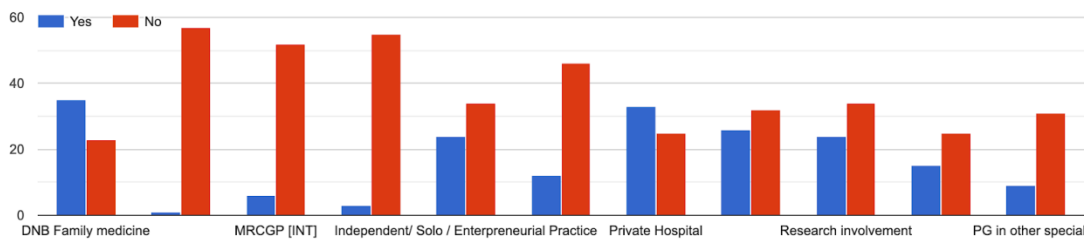

2. YouTube presentations for teaching peers and patients

58 responses

11. Qualifications, and current work details

Special Interest Groups (SIG)

Facilitate, coordinate and monitor the development of SIG like

- Practice Development - Dr. Devashish & Dr. Vishal Marwah
- Undergraduate Teaching
- Postgraduate Teaching - Dr. Srividhya Raghavendran

Mediknit

We have linked up with Mediknit, which is an online platform on which we hold our webinars, which include a pre-recorded part and Q&A session, which are becoming popular. The attendance has improved significantly with 90 to 160 doctors from various parts of the country attending these sessions. These sessions are recorded and can be viewed later on too.
